

## Creative Writing

- This is a really great activity to develop children's self- awareness, self-esteem and vocabulary.
- The child can start by drawing themselves, perhaps looking at themselves in a mirror or photograph.
- How would the child describe themselves?
- Child can use a thesaurus/dictionary to find antonyms/synonyms and word meaning.
- Use of words like splash, pinch, handful, generous amount etc reinforce vocabulary and will be meaningful for the child.
