

## Bowling at Home

Why not create a simple bowling alley in your own home or garden. This game is excellent for hand-eye coordination in children.

### Equipment Needed

| 10 empty bottles  | Plastic ball or tennis ball   | Masking Tape  |
|---|---|---|
|  |  |  |

### Instructions

1. Using your masking tape, create a bowling lane by marking out the floor
2. Arrange the ten bottles at the end of the lane
3. Using the ball, strike the bottles! Do not forget to keep the score to see who wins the game!
