

Bubble Snake Maker

Resources

- An empty plastic bottle
- A piece of muslin or old washcloth
- A rubber band.

Preparation

1. Cut the bottom off your plastic bottle
2. Cut your fabric into a circle.
3. Assemble your Bubble Snake Maker by putting the fabric over the open bottom of your bottle and securing it with the rubber band.
4. Put some washing up liquid in a bowl and add a little bit of water.
5. Dip your Bubble Snake Maker in.

Let's play

- After dipping into the soap mixture, gently blow into the mouth of your bottle.
- A slow, gentle stream of air will create a long chain of bubbles. (Just don't inhale, or you might get a mouthful of bubbles ~ yuck!)

Purpose.

- Develop hand – eye co-ordination.
- Aids speech development
- **Have Fun**
