

Colour Match Buckets.

Resources

- A selection of buckets / containers. (different colours or stick coloured card on the front)
- An assortment of different coloured balls. (balls from a ball pool are ideal)

Preparation

1. Fill the buckets with some water
2. Arrange the buckets on the ground.
3. Position the balls beside the participants

Let's play.

- Invite the child to pick a coloured ball and throw it into the corresponding coloured bucket.
- Invite siblings and friends to play for added fun and assign a particular colour to each child.
- Whoever fills their bucket first wins the game.

Purpose

- Develop hand – eye co-ordination.
- Develop gross motor skills
- Develop maths skills (early maths; matching)
- Develop turn-taking and waiting skills
- **Have fun!!**
