

My School- Supporting a Positive Transition Back to School after the Summer Break

A resource for tutors/teachers for the Home or School Based Summer Programme.

This resource contains simple templates that can be completed in with the student(s) by the tutor or teacher or sent home to families in preparation for coming back to school. It might be useful to link with parents/guardians in terms of photos and pictures to use to make these resources individualised. The title on the boxes can be changed to suit a particular student interests, circumstances or needs.

This resource contains four templates as follows:

Templates	Overview	Page
My School	A worksheet detailing different people and things that will happen when the student returns to school. You can use words, pictures, photos or drawings to complete.	Pg. 2
Things I Love About School	A worksheet focussed on positive things about school for a student. There are spaces for writing but this can be amended to use photos, pictures or drawings also.	Pg. 3
When I go back to school I will... (1 option)	A template to focus solely one thing a student will do when they return to school. You can use words, pictures, photos or drawings to complete.	Pg. 4
When I go back to school I will... (3 options)	A template to focus solely on what a student will do when they return to school. This template allows for multiple options. You can use words, pictures, photos or drawings to complete.	Pg. 5

One of the aims of the summer programme is to support student's physical, social and emotional wellbeing and to build on successes of the last school year. Part of this is an opportunity to communicate their experiences of school, support a sense of belonging to their schools community and in turn reduce any anxieties about their return to school after the summer. The four templates in this resource can be used to support students in terms of a sense of safety, calm and social-connectedness around returning to school.

My School

This is my teacher

This is my favourite toy

This is my classroom

I will play in the playground

I will see my friends

I will do fun activities

Things I Love About School

Name: _____

When I go back to school I will...

Student chooses photo and sticks here

When I go back to school I will...
